

## EMOTICONS IN IBM PLANNING ANALYTICS

---

Do you know you can add emoticons to your report??

Please follow below steps to add emojis to enhance the visualisation of report.

**Step 1 : Add a string element to the measure dimension because emojis are actually texts. (String Element : 'Indicator')**

t_months	Measure		Indicator
	Actual	Budget	
-- Full Year	663289	659303	
-- Q1	163123	168104	
Jan	54893	56914	
Feb	54604	51494	
Mar	53626	59696	
-- Q2	173185	166534	
Apr	55059	58816	
May	58233	55698	
Jun	59893	52020	
-- Q3	160034	168238	
Jul	52276	50740	
Aug	55776	59407	
Sep	51982	58091	
-- Q4	166947	156427	
Oct	54779	50198	
Nov	58271	53433	
Dec	53897	52796	

**Step 2 : Press ‘Windows’ + ‘;’ at the same time to make the emoticons window to appear. An alternate option is to use the touch keyboard button by making it enable from the task bar.**

**Step 3: Create a rule for ‘Indicator’ that if Actual is greater than**

**budget** 👍 **else** 👎

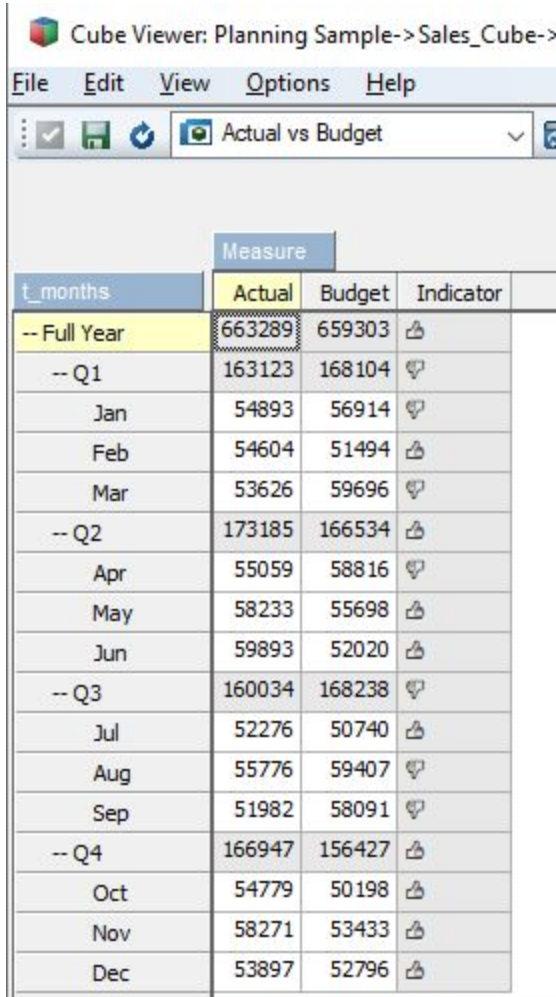

**This is how it will look in the rule file**

```
[Indicator]=S: IF([Actual]>[Budget],'👍','👎');
```

**Save the Rule file and recalculate the view.**

**Step 4: Result will look like the following:**

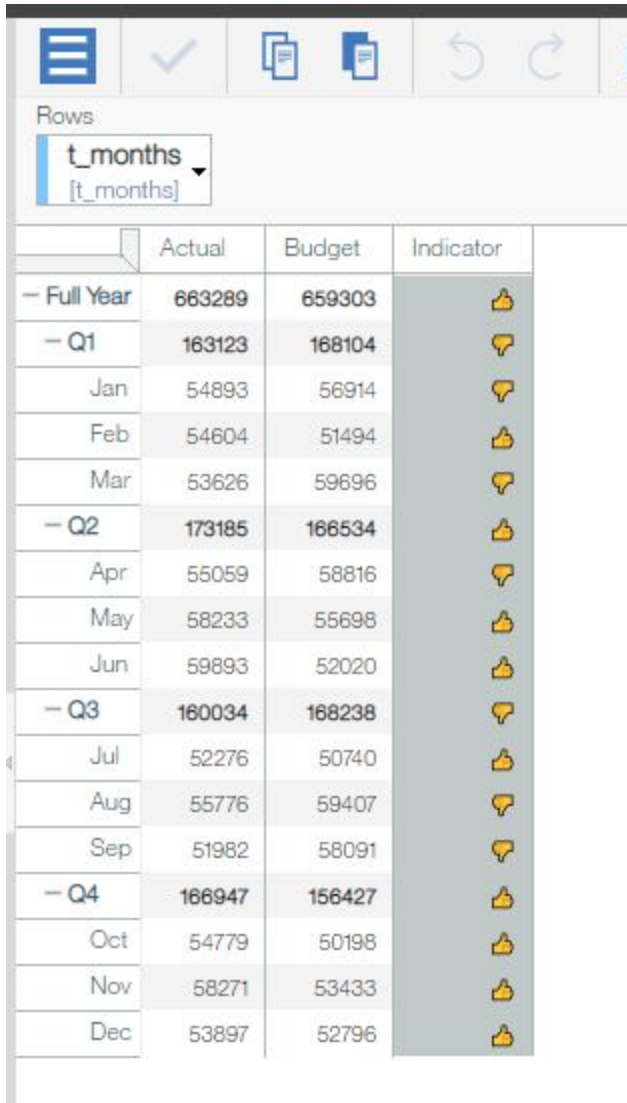

**In Architect, in a view :**
